TECHNICAL SKILL

Languages : HTML, CSS, JavaScript, ReactJS, Python.

Database : MySQL.

OS: Windows, Linux

EDUCATION

B.E Computer Science

University of Kashmir

CGPA: 7.28

12 th

2017-2021

SSM HR. Secondary

412/500

10th

2016

Minto Circle School

419/500

2015

WORK EXPERIENCE

Developer

CETPA INFOTECH- PYTHON F UNDA M ENTALS Jan 2018 - Feb 2018

Learned the foundational syntax and elements of Python.

Built three projects: one on automation, one on machine learning, and a DBMS system.

Worked on NumPy library, Matplotlib, Tkinter,

Network Programming and Web Scraping using BeautifulSoup. Lists, tuples, dictionaries, functions, classes. Worked with JSON data.

Developer

CRANES VARSITY- MACHINE LEARNING AND DATA SCIENCE Jan 2019 - Feb 2019

Applied different machine learning algorithms.

Ability to explore datasets and extract information.

Present information in a visually attractive way using Matplotlib.

Used Pandas library to read datasets and prepare them for modelling.

PROJECT - MOUSE CONTROL USING HAND GESTURES.

Created a data set of various hand gestures, with at least 1200 images per gesture.

Implemented a CNN model and trained it with the data set.

Used a specific gesture for cursor control.

PROJECT - Personal Portfolio Website.

Created a Personal Portfolio Website showcases my skills and projects using react.

PROJECT - Landing page- GPT3

Landing page for a fictional company. The page should includes sections for a header, about, services, portfolio, testimonials, and a contact form using react.

PROJECT - Dynamic Expense Tracker.

Build a simple application that allows users to add, edit day to day expenses using ReactJS.
